

Exam schedule

Date: July 23, 2026

Timeline

08:00 – 08:30 Candidate Registration and Verification

Students check in at the main foyer to present their student identification cards and receive desk assignments. Invigilators verify credentials before directing candidates to their designated testing rooms.

Location: Main Examination Center Foyer

08:30 – 08:45 Chief Invigilator Briefing

The head invigilator reviews examination protocols, silence requirements, and emergency procedures. Students receive instructions on filling out answer booklet header details correctly.

Location: Grand Examination Hall A

08:45 – 10:45 Mathematics Paper 1 - Algebra and Calculus

Candidates complete the core mathematics written examination covering linear algebra and differential calculus. Non-programmable calculators are permitted for this session.

Location: Grand Examination Hall A

10:45 – 11:15 Morning Recess Break

A mandatory rest period between testing sessions to allow students to relax and refresh. Light snacks, water, and coffee are available in the courtyard cafe.

Location: Campus Courtyard Cafe

11:15 – 13:15 Physics Examination - Mechanics and Thermodynamics

This examination tests theoretical knowledge and problem-solving skills in classical mechanics and heat transfer. Formula sheets are provided inside the examination booklets.

Location: Science Wing Auditorium

13:15 – 14:15 Lunch Break

Students are granted a full hour to eat lunch and recharge before afternoon testing begins. A quiet study area is available in the dining hall for light review.

Location: Student Union Dining Hall

14:15 – 15:45 English Literature Essay Paper

Candidates write analytical essays on set literature texts and unseen prose passages. Dictionary usage is strictly prohibited during this examination.

Location: Grand Examination Hall A

08:30 – 09:00 Day 2 Desk Allocation and Check-In

Students arrive for the second day of examinations to confirm seating numbers and submit personal belongings. Examination staff ensure all candidates are seated on time.

Location: Main Examination Center Foyer

09:00 – 11:00 Chemistry Examination - Organic and Inorganic

This session covers reaction mechanisms, molecular structure, and periodic trends. Periodic tables are distributed along with the examination paper.

Location: Science Wing Auditorium

11:00 – 11:30 Mid-Morning Rest Break

A short interlude for candidates to stretch and clear their minds before the final practical component. Water stations and hot drinks are available nearby.

Location: Campus Courtyard Cafe

11:30 – 13:30 Computer Science Practical Exam

Candidates work independently at designated computer terminals to complete programming challenges and debugging tasks. Network access is restricted to the internal testing environment.

Location: Computer Lab 3B

13:30 – 14:00 Script Submission and Final Checkout

Invigilators collect all practical output files and paper scripts from candidates. Students retrieve personal belongings and clear the examination facility.

Location: Main Examination Center Foyer
